

CHARLES DOUGHTY INSTANTLY KILLED THURSDAY NIGHT

Met Death in Horrible Manner While
Riding Top of Cage of Newark
Trust Building Elevator

YOUNG LAD WAS OFF DUTY AT TIME OF ACCIDENT

Body Crushed Between Cage and Wall Back of It
---Necessary to Call Fireman and Patrolman
to Remove the Remains---Boy Was 17
Years of Age and Son of Chas.

Doughty, Employee of the
Everett Company.

Crushed and bleeding, with every bone in his body broken, Charles Doughty, aged 17 years, an elevator boy at the Newark Trust Company, was taken from between the stanchion and weight slide of the elevator at 8:45 o'clock, Thursday night, after heroic work on the part of Fireman Melick and Patrolman George McClure.

For an hour these physical giants labored with axe and sledge against the grill work on the side of the car before it would release its burden of mortality.

The news of an accident spread with the rapidity of an electric shock, and in a short time Chief Charles Hindel of the police department and Chief Louis Bausch of the fire department had thrown a cordon of men around the Trust building, where 2000 frenzied people had gathered, peering through the glass doors to get a glimpse of they knew not what. And what a scene they would have viewed if they had been allowed inside the structure! Its grimness has probably never been equalled in the history of the city. Its terror struck home to every heart with a force that overcame the physical endurance of at least seven, when the mangled body was carried to the waiting ambulance of Criss Bros. & Jones. They fainted, and were quickly cared for by physicians or friends.

FAINTS WHEN NOTIFIED.

It was known that the lad was dead long before his life blood besprinkled the noble men at their work of releasing his mangled body. His father, Charles Doughty, who boards with the family of David Raison, 354 Starberry street, was at work upon the foot bench at the Everett Glass Works, where he is employed as a bottle blower. He was notified of an accident which had befallen his son, but kind friends took him home before the terrible import of the house and was immediately put under the care of Dr. U. K. Essington, who was acquainted with the circumstances of an affection of the heart with which he was troubled.

STORY OF THE ACCIDENT.

Edward Whitten, of 42 Soner avenue, an elevator boy, employed at the Trust building, gave a graphic account of the accident. He said, in substance: "I was leaving the first floor with a passenger, and when between the fifth and sixth floors, I felt a crunching which stopped, or rather I should say, impeded the mechanism. I thought the elevator was falling and I turned off the motor, opened the car and jumped. I ran into Dr. A. W. Beard's office on the fifth floor, and from there down to the office of Dr. J. T. Harbottle, on the fourth floor. I was scared and didn't realize what the trouble was until my attention was called to the mangled remains in the car by my passenger. The elevator never moved, up or down, from the time I stopped the motor until it was done at the command of either the chief of the fire department or the chief of police."

Lawrence Lucas generally attends to the oiling of the machinery, but the boy who was killed had a penchant for riding up and down on top of the cage. He did it when he ran the elevator at Powers & Miller's, so I understood when he came to work here, a little over a month ago. I heard no sound from the boy and never knew anything about the accident until that fearful crunch-

ing, which caused me to fear for my own life."

BOY OFF DUTY AT TIME.

Young Whitten was besieged with questions from attorneys, doctors and others having rooms in the building, who were surprised to see him on duty, as they had been mistakenly informed that it was he who had met with the accident. The elevators were running as usual this morning, but young Whitten was under a strain that was plainly noticeable. The young man, who had met a fearful death, was his friend and companion, yet he told his passengers that it was no fault of the elevator or its mechanism. He could give no reason that young Doughty was where he was unless the peculiar idea to ride on top of the car, Doughty was not on duty at the time, and at no time was he called upon to be in the position that he was when he met his death.

THE DEAD BOY'S HISTORY.

Charles C. Doughty was born in Millville, N. J., and was the son of Charles V. and Addie Doughty. The lad was born 17 years 7 months and 2 days from the time of his fatal accident. The father is a glass worker, but no relation of Daniel Doughty, who has lived here for many years.

The family of the deceased boy came to Newark last August and took rooms at David Raison's, 354 North Starberry street. The father had worked here on previous "fires."

Neighbors came to the home this morning to offer their assistance in any way that it might be used. They were thanked and given to understand that the members of the family appreciated the kindness.

VICTIM'S FUNERAL.

The remains of Charles Doughty will be shipped to Millville, N. J., this evening at 8:50 o'clock. His only sister, Mrs. Edgar Fennimore, of Burlington, N. J., will meet the funeral party at Philadelphia.

CERTAIN OF THE MEN'S CONVICTION

Washington, April 25.—Unless there is a loop hole in the law the department of justice is certain of the conviction of Dan R. Hanna and 16 others recently indicted in Cleveland for retaining a woman in the city of Cleveland. The evidence was gathered under the personal supervision of District Attorney Day and the chain is said to be remarkably complete. The original trial on the retaining is reported to have come from the inter-state commerce committee.

VILLAGE OFFICERS SLAIN.

Blackfield, W. Va., April 25.—Town Marshal Music and Mayor Hoskins of Mateswan, W. Va., were shot and killed at Red Jacket yesterday by Thomas Chafin, a miner, during a quarrel. Chafin and a companion escaped on their victims' horses. A posse is in pursuit.

TREATY

Will Be Ready For Submission to Congress Within the Next Few Weeks.

Washington, April 25.—Present indications point to the submission of the Anglo-American treaty to congress late in May or early in June. Senator Root has been called in to help Secretary Knox draft a form for submission to the British ambassador and the two men are putting much time in on this work.

FRENCH TROOPS ENTER FIELD

Paris, April 25.—With 50,000 troops in the field and 60,000 preparing to go to Morocco, France is getting ready to thoroughly crush the Moroccan rebellion. Rumors at the French capital say Brenon's force has been wiped out, but the foreign office says it has heard nothing of this.

FOUND DEAD WITH BULLET IN NECK

Bluefield, W. Va., April 25.—Thomas Chaffin, who killed police chief Musick and Mayor Hopkins of Mateswan yesterday, was found dead today at the foot of Pigeon Mountain where he had fled after a battle with the posse. A bullet in the neck had caused his death.

TAFT TELLS OF RECIPROCITY BENEFITS

New York, April 25.—Reciprocity with Canada must be adopted now or never, and must stand or fall by its own terms, so declared President Taft in an address at the Waldorf-Astoria last night at the fourth annual joint banquet of the Associated Press and the American Newspaper Publishers' Association.

His address was the first of a series in which he plans to evoke public sentiment in support of his policies, and he appealed to the editors and newspaper owners of the land, to impress in the public mind that reciprocity should stand alone and "ought not to be affected in any regard by other amendments to the tariff laws." His recommendations were warmly cheered.

All talk of annexation he characterized as "bosh" and said that the United States has all it can attend to with the territory it is now governing. He praised the house of representatives for its passage of the agreement; declared that it would not injure the farmer or any special class; answered in detail the objections that have been raised to reciprocity and begged for at least a "kind of test" to dispel the ghosts "exhibited to frighten the agricultural class."

"I have said that this was a critical time in the solution of the question of reciprocity," concluded the president. "It is critical because unless it is now decided favorably to reciprocity it is exceedingly probable that no such opportunity will ever again come to the United States. The forces which are at work in England and in Canada will derive an impetus from the rejection of this treaty, and if we would have reciprocity at all the advantages that I have described and that I earnestly and sincerely believe will follow its adoption we must take it now or give it up forever."

FIGHTING

Is Reported in the Streets of Canton, China, and Situation is Said To Be Grave.

Hong Kong, China, April 25.—The discontent with the ruling dynasty broke into open rebellion featured by fierce fighting today according to reports from Canton. The rioters sacked and burned the residence of the viceroy. They were then beaten in a sharp fight with loyal troops, but later reformed and renewed the fight. The gates of the city have been closed and the government has bottled up the telegraph service. The English consular at Canton reports the situation as very serious.

FEZ IN HANDS OF REBELS.

Madrid, April 25.—The Spanish officers in Morocco report that Fez is now in the possession of the rebels and that the sultan has taken refuge in the French consulate together with all the Europeans in the city. Several Europeans are reported killed and the rebel tribesmen are butchering the native inhabitants.

FOUR LIVES LOST IN FIRE.

Memphis, April 25.—Mrs. Lucy Hughes was burned to death as were also one other woman and two children when fire destroyed the Palmer House block today. The structure was the oldest in the city and had long been called a fire trap. The property loss is about \$50,000.

GOVERNOR WILL NOT APPOINT

Agreement Broken and
State Board Will Now
Name Deputies

ORGANIZATION LEADER

Claimed It Saved of Political
Machine Such as Glibert
Formerly Established.

Columbus, April 25.—The Edwards tax commission bill passed the House yesterday after being previously defeated, but with a radical amendment.

A handful of Democrats, led by Speaker Pro Tempore Price Russell, Representative Mablon Gebhart of Montgomery, and Representative Geo. B. Nye of Pike, joined with a solid Republican minority and succeeded in breaking an agreement made with the Governor as to the method of appointing the Deputy State Tax Commissioners provided for in the Edwards bill.

That agreement was made between the Governor, Representative Edwards, the author of the bill; Representative Gebhart, who opposed the measure; and Representative Ray Kennedy of Allen county. It was to the effect that the appointments should be made by the Governor, the Attorney-General, the State Treasurer, the Secretary of State and the Auditor of State.

This arrangement was not suitable to the members of the state Democratic organization.

The organization leaders have set up the cry that Governor Harmon has been endeavoring to establish a tax machine like that of the late Auditor of State Walter D. Glibert.

Yesterday one deal was made with him, as stated, while another was arranged on the side. The Republicans again being let into the secret and the Harmon Democrats carefully excluded from possession of it. This was to strike out of the agreement Attorney-General Timothy S. Hogan and State Treasurer D. Stanley Creamer.

The leaders had first canvassed the proposition of permitting the old State Board of Appraisers, which consists of the secretary of state, treasurer, attorney-general and auditor, to make the appointments. This was shifted because the Governor was added to it giving him a majority.

Yesterday the plan was uncovered when it was too late to go back. Edwards, believing that the agreement was to be kept, offered his amendment after the bill was reconsidered. His jaw dropped when the Speaker Pro Tempore dropped the amendment to his motion, striking out the Attorney-General and the Treasurer. In bland tones Mr. Russell said that there had been some objection to the centralization of too much power in the Governor's hands, and that the suggestion had come through Edwards to make the appointing power a board of five.

He believed a smaller board would do the work better. The retention of the Auditor of State as the Republicans a representation.

Edwards, jumping in to utter astonishment, said: "I can say that this amendment was submitted to the Governor, he fully approved of it and he sees no reason why the Attorney-General and Treasurer should be taken off the proposed commission."

The signal having been given to the Republicans they arose with the handful of Democrats.

Speaker Vining was compelled to declare the amendment offered by Russell carried.

Yielding to the inevitable Edwards permitted the amendment motion to be carried and then offered the Langdon amendment of Wednesday providing for publication in pamphlet form of all personal returns and the discontinuing of the publication of the tax rate in newspapers. To this last clause Representative Nye of Pike took exception, but was voted down. The bill was then passed, 63 to 12.

Four Democrats opposed the amendment of Auglaize, Cowan of Putnam, Donson of Dayton, and Stambaugh of Hardin. Two Republicans voted for it, Ransom of Perry, and Jones of Franklin.

nothing more. Auditor of State Edward Pullington, being a Republican, has the deciding vote as between the Governor and the Secretary, in the event of division.

At the Governor's office directly after the result had been reached in the House, confirmation was made of the agreement entered into with him by Gebhart and Kennedy. It was further stated that the Russell amendment had not been agreed upon. In fact, Representative Edwards was instructed to stand for his original bill in the event that the agreement compromise was not accepted.

The reconsideration of the bill was moved by Mr. Edwards late Wednesday afternoon, the watchful Republican floor leader, Langdon of Warren, demanding a roll-call. It was soon seen that the Governor's appeal had fallen upon deaf ears, for the following Democrats opposed the reconsideration: Connaughton of Auglaize, Cowan of Putnam, Donson of Dayton, Nye of Pike, Stambaugh of Hardin, and Welsh of Ottawa. The Republicans, however, did not preserve their line-up, for Cist of Delaware, Gellord of Toledo, Jones of Franklin, Reynolds of Columbus, Gibbs of Lorain, Marmion of Ashland and Winans of Lake, voted with the majority.

When it came to the roll call on the bill, Gebhart and Nye swung over and voted for it. Cowan, Connaughton, Donson and Stambaugh refused to recede and remained opposed to the entire proposition. Nye afterward said that if his vote would have defeated the bill it would have been cast that way.

While the bill was on there were numerous trips made to the Hall of Representatives by several of the Senators who Wednesday night hurled their defiance in Harmon's teeth. They were interested—intensely so.

When it became known Thursday morning that a job was on, notice was served by representatives of the independent press that the truth would be told. Active rumors at once carried stories to Attorney-General Hogan that he would be attacked as a particeps criminis. His statement showed innocently enough, what the organization leaders had been using to gain vote and advantage. They had told him that it was an insult to him and his other colleagues in the state offices to take from them the power to appoint Boards of Review and taxing officers after their predecessors had so long enjoyed the right.

Investigations develop the fact that when Representative Edwards was first approached for a compromise, he was asked to accept the retention of the Board of Review. This he declined, asserting that he would rather see his bill defeated. Another proposition was to make a Board of Governor, Attorney-General and Secretary of State, the same coming from the opponents of the bill. This was submitted to the Governor and not accepted. Then came the proposition which was put through without agreement.

WHY PRICE RUSSELL OPPOSED THE GOVERNOR.

Representative Price Russell, who swung the ax which cut the governor out from control, had not been a party to the conference, nor had he talked about it with the governor. It is a matter of common report that he has lost much of his former admiration for the chief executive. The loss may be dated from the time the governor tried to lue him up for the Fulton bill.

HOUSE PASSES THE LIABILITY BILL.

Representative Raymond Ratliff of Cincinnati, floor manager, in two days' fighting yesterday put through the house the Green employers' liability bill, the biggest step yet taken for the amelioration of friction between capital and labor, by a vote of 84 to 18.

With marked skill, he defended the bill against assaults by extremists on both the employers and employees sides.

SENATE TAKES IMPORTANT ACTION.

Columbus, April 25.—The Smith tax bill was recommended for passage in the senate today and made a special order for Wednesday. The senate today passed a resolution to recess May 13 and return May 23 for final adjournment. The senate today prevented the bill providing for the direct popular nomination of governors and lieutenant governors from being made a special order. This probably means the bill will die with the session.

SEVEN CHILDREN

Perish With Their Mother in Flames Which Destroyed Their Home Early Today.

Roanoke, Va., April 25.—In a fire of mysterious origin which destroyed their home today, Mrs. J. H. Nunn and seven children, ranging in age from five months to 22 years, were burned to death. Three other members of the family escaped by jumping from the second floor windows.

NEWARK MAN MEETS DEATH IN CHICAGO

Mr. William Cox, a well known resident of the East End, residing on Arch street, who left for Chicago some time ago to work at his trade, that of a machinist, died at the St. Elizabeth hospital in that city on Wednesday as a result of injuries received by being run over by a heavy wagon owned by Alfred Zyeska on Saturday, April 22. Zyeska told the Rawson street police that Cox, in attempting to cross the street ahead of the wagon, fell under the feet of the horse and the wagon passed over him. The body arrived here Friday morning and was taken to the home on Arch street. The funeral services were held on Friday afternoon.

RAIN SPOILS THE PORTSMOUTH GAME

Portsmouth, April 25.—Today's game at Millbrook park was called off on account of rain.

The Newark Molders will leave this evening for Lancaster, where they are scheduled for three games. They are presenting team work and slugging qualities that should land them in the first division within the next few days.

"NEVY" VISITS THE BONESETTER

Nestor Nevenpara, the big twirler who was with Mansfield last season and is now with the Newark Ohio State league club, visited "Bonesetter" Reese at Youngstown Wednesday. "Nevy" stated that his arm was bothering him and he did not know whether he had a cold in it or had thrown a ligament out of place. The big fellow has been going good and stated that he expected to have one of the seasons of his career.

ED ASHER VISITS NEWARK FRIENDS

Newark is often favored by a visit from former members of the baseball team of 1907, and on Thursday evening the friends of Ed Asher were greeting him. Ed is playing with Dayton this year, and as the latter team is playing a series at Zanesville, Asher came up to Newark last night and spent the night here, returning there this morning.

ANOTHER BIG OIL GUSHER IS REPORTED

It is reported that another big oil gusher was drilled in by the Columbus company on Thursday in the recently discovered oil field in eastern Licking and western Muskingum county. The well drilled in Thursday is located just over the Licking county line, and is about three hundred feet from the big well drilled in several weeks ago. The Columbus company is preparing to drill another well in the fear of the Methodist church in Gratiot.

JUDGE W. O'NEAL WILL DELIVER THE MEMORIAL ADDRESS

An invitation has been extended by the old soldiers of Newark to Judge Joseph W. O'Neal, of Lebanon, past department commander of the Grand Army of the Republic, to deliver the Decoration Day address here. The invitation has been accepted by the judge, and as he has the reputation of being a fine orator as well as a brave soldier, the address will, in all probability, be one of unusual interest. Judge O'Neal was badly wounded during his service in the Civil war, and is obliged to use crutches.

Turkey eggs set this month should give good salable carcasses for Christmas feasts.

All the world's a stage, on which we must expect either cheers or jeers.

PREPARING A CASE FOR THE STATE

McManigal's Confession
of Dynamite Out-
rages Secured

IMPLICATES McNAMARA

Claims He Was the One That
Planned Affair Using Clock
Work Arrangement.

Los Angeles, April 25.—With all the alleged details furnished by Ortie McManigal in his confession of yesterday District Attorney Frederick today began preparing the state's case against the McNamaras on charges of dynamiting the Times building.

Two stenographers today made five copies of the confession. McManigal's statement to Attorney Hilton yesterday that he had not made and did not intend to make any confession evidently disturbed Frederick today. He had McManigal rushed to his office and a stenographer took down the entire story. McManigal explained his knowledge of the Times disaster by saying that although he had no hand in it James McNamara had told him all the details.

He said that McManigal had used a clock work arrangement which permitted him to be miles away on a train when the explosion occurred. He says John McNamara was the brains and the mastermind of the various dynamite plots.

McManigal says he received \$200 before each job and more afterwards, some of the jobs having brought him \$1,000. He remained cool while making his statement and later requested the prison officials not to allow any labor men to see him.

Chicago, April 25.—When Detective Burns was told today that District Attorney Frederick at Los Angeles had said McManigal admitted placing dynamite after he had confessed to Burns how he worked when planting it the detective denounced the story as an outrageous lie. Burns said he never saw McManigal until a day or so before his arrest, and never spoke to him after he was arrested. Burns says this story is a desperate effort on the part of somebody or others to besmirch his reputation. He says he never worked in that way.

Los Angeles, April 25.—John J. McNamara, secretary of the International Bridge and Structural Iron Workers' Association, and his brother, James, who are under arrest on the dynamiting cases, are now the only clients of the attorneys retained by the labor organizations and their legal fee will be turned upon Ortie McManigal, the man arrested as a fellow conspirator.

McManigal, about whose alleged confession so much has been said and written, was examined for three hours yesterday by District Attorney Frederick.

Attorney O. N. Hilton, chief counsel of the Western Federation of Miners, said he was convinced that McManigal had made sworn statements at that time, purporting to fix the guilt of the Times explosion and other dynamiting outrages.

But Hilton declared that the state might be in the position of having an alleged confession that was denied beforehand by its author. McManigal will have no attorney. At least, he told Hilton so, when the latter called upon him and later District Attorney Frederick said so.

More light was thrown on McManigal's alleged confession of the Llewellyn Iron Works by Robert Brain, under sheriff of this county, who had charge of McManigal in the transcontinental trip, just ended. Brain said the prisoner had voluntarily confessed to him while on the train.

According to Brain, McManigal brought up the subject last Monday morning, the second day out from Chicago, by asking what punishment would be given him if he were to turn state's evidence.

"I am not in a position to tell you," was Brain's reply. "Are you going to do it?"

"Yes," answered McManigal; "I'm going to tell."

"What are you going to tell?" asked Brain.

"All about it," said McManigal.

"You know what you are charged with?" inquired Brain.

"Yes, I am charged with dynamiting the plant of the Llewellyn Iron Works."

"Did you do it?"

"Sure, I did."

"What did you get for it?"

"Two hundred dollars," responded McManigal. "That is the price

AMUSEMENTS

The Time, the Place and the Girl.
When the sale of seats opened at the Auditorium for "The Time, the Place and the Girl," which is to be presented at the Auditorium Saturday, April 20, matinee and night, there was a goodly number on hand to insure their reservations. There are still a number of choice seats to be had, but the interest in this event, which has steadily increased since the announcement that "The Time, the Place and the Girl" was coming, indicates that a capacity house will greet the play when it appears here.

While there is always interest manifested in a play which has had such a phenomenal success as "The Time, the Place and the Girl," local theatre-goers have been looking forward to this attraction because of the splendid reports which have been received from cities in which it has appeared this season. Its style of entertainment is said to be so original and clean and the musical airs the kind one cannot keep from whistling. The management has expended a small fortune on the scenic effects and costumes, and it is said to be one of the most elaborate productions of the season.

Al. H. (Mezz) Wilson.
Al. H. Wilson, the German dialect comedian, will be the attraction at the Auditorium theatre Monday, May 1. Mr. Wilson has a large following in this city who always insist that time brings no impairment to his vocal equipment or ability as a comedian. One thing that assists Mr. Wilson in keeping "new" from year to year is the fact that his manager, Sidney R. Ellis, always provides a new play and an up-to-date production. "A German Prince" is the title of the comedy in which Mr. Wilson is appearing this season. The plot is a pleasant mixture of mirth, music and comedy, with just enough intermingled pathos to give it heart interest. The music and comedy element is mostly supplied by the star in the character of a prince of the royal family, who sings his way through the land of his forefathers. There are new songs, of course, provided by the star, and some of the best that he has every written. A wealth of scenery and a good cast.

The Orpheum.
Manager Bassett has arranged a bill for the last half of this week that is more than pleasing to his patrons and the audiences of Thursday evening expressed their approval by continued applause of the various acts offered.

As an added feature, Manager Bassett booked the Musical Soanes family, father and seven children, and their work on the string instruments was certainly appreciated. The vocal selections rendered by the young ladies was a pleasing innovation, as were also the songs rendered by their brothers. Master Walter Soanes kept the audience in good humor with the baton, and his imitations of Sousa brought down the house. The act of this clever musical family is scoring a hit and will help pack the theatre during the remainder of their engagement in this city.

The Rozell orchestra has been placed in the theatre's pit and for the first time an orchestra is to be heard from that place. The repertoire of Capt. Rozell has been overhauled, and he is presenting a number of singing and dancing black-face comedians. The brass quartette in their saxophone work kindly responded to three encores last evening and still the audience was not satisfied. The Waldo Brothers remain prime favorites and their work with the rings is par excellence. The contortion work is also of a high class.

Splendid pictures are shown, and the entertainment offered by Manager Bassett should be appreciated by packed houses during the remainder of the engagement.

SHE CHALLENGES DEATH.
The sensational climax of the remarkable program which the Foreman and Sells Brothers' shows will present in Newark, Tuesday, May 2, is a double aerial automobile somersault made by Mlle. Marie Petrot, a young French woman scarcely out of her teens. For the uttermost extreme in daring the act stands alone. It reaches the top notch in the gamut of sensations and drives all so-called thrillers of the past to the graveyard of memory.

Automobiles that turn a single somersault are not uncommon. In fact there was one instance where a car turned one and one-half revolutions in mid air. It was loudly heralded as a double somersault act and for a long time passed as such. But the act that is soon to be seen here is the genuine simon-pure article. The car turns two complete revolutions high above the heads of the audience while leaping a fifty-foot gap.

Here's news for you fans! There's going to be a double header at Wehrle Park Sunday.

All for one price of admission, any one asks you about it. The first C. M. A. team will endeavor to take a full out of the Zanesville White Sox.

The game will be called promptly at 1:30, and there's going to be a pretty exhibition of the great national sport. Thomas or Atwood with Miller will work for the local bunch, while Busie and Nobler will officiate for the Clay City lads.

Immediately after the first game is called the Athletics will endeavor to put one over on the Zanesville Orioles. The games will undoubtedly draw a great crowd.

Arrangements have been made with Owner Kline of the Moblers to send the score by innings from Lancaster, and it will be announced by the umpire. Be there and enjoy some good, clean playing.

Few Escape Corns.

They come to the young, the old, the weak and the strong. In all cases, cure is effected in 24 hours by Putnam's Painless Corn and Wart Extractor. This remedy is painless. It's sure, it always cures. Don't experiment. Use the old and reliable Putnam's Painless Corn and Wart Extractor. Price 25c. Sold by Erman & Son.

A Wonderful Opportunity in Ladies' and Misses' Suits

was offered us by one of New York's largest and best manufacturers. His season is over, although ours has just begun. We took his whole stock at a trifle over half price, and you get the benefit. The assortment comprises plain and fancy materials, all this season's new styles. The values are from \$20 to \$45. Our prices \$11.90 to \$20.

Two Special Dresses

If you tried to make one of these yourself the materials alone would cost you nearly as much as we ask for the entire dress, thus, you get the making and style free if you buy here. A pretty dress of checked and material. An unusually clever style \$9.48

A handsome one piece gown, skirt being of chiffon panama, waist is very fine quality messaline, made with kimona sleeve. \$10.48

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding, protruding piles after years of suffering. At any drug store.

T. L. DAVIES GRAND HOUSEKEEPERS' SALE

This sale is drawing the crowds. Many times during the day we hear the remark: "What crowds of people you have here!" And why have we tremendous crowds and this tremendous business? Because the people have confidence in our advertisements. They know that we never resort to misleading the people in our ads or in the store. We believe in doing business on the square and keep the confidence of the multitude of patrons and gaining new ones day by day. Only two days more of this sale, SATURDAY AND SUNDAY.

Notice to Contractors.
Newark, Ohio, April 12, 1912.
The County Commissioners of Licking County, Ohio, will receive sealed bids at their office in the Court House at Newark, Ohio, until 1 o'clock P. M., May 10th, 1912, for furnishing the material and performing the labor necessary for the construction of the following bridges:
Courtier Bridge: 50 ft. span reinforced concrete arch, over the south fork of the Licking River, near Amos Courtier's in Lima Twp.
Hillman Bridge: 35 ft. span reinforced concrete arch, over Dutch Fork, near T. B. Hillman's, in Licking Twp.
Richardson Bridge: 18 ft. span reinforced concrete arch, over Quarry Run, near James Richardson's, in Licking Twp.
Davidson Bridge: 15 ft. span reinforced concrete arch, over a branch of Lake Fork, near Albert Davidson's, in Washington Twp.
McFadden Bridge: Re-moving and replacing iron bridge, and constructing two abutments on Oak Fork, one-half mile south of Highwater, in McKean Twp.
Plans and specifications are on file and may be seen at the office of the County Auditor and County Surveyor during business hours of each day. Contractors may submit plans other than those on file and they will be considered, but no plan will be considered with a live load capacity of less than 175 lbs. per square foot, and in accordance with Section 2343 of the General Code of Ohio. Bids on submitted plans must state price of piling per linear foot, concrete and excavation per cubic yard and steel per lb. for any increase or decrease that may be deemed necessary to the plans of bidders after construction of work begins. A certified check or deposit for 10 per cent of the amount bid must accompany each proposal as a guarantee that the bidder will enter into a contract and furnish bond within five days after the awarding of the contract. Blank forms upon which bids must be made will be furnished upon application to the County Surveyor. The right is reserved to reject any or all bids.
C. L. RILEY,
County Auditor.
FRED S. CULLY, County Surveyor.
By order of the County Commissioners, 4-11-12

FOR A TONIC NOTHING EQUALS S.S.S.

The need of a tonic in the Spring is almost universally recognized. We have learned that a weakened, run-down system means more than "Spring Fever," as we are accustomed to refer to the physical disturbances which come at this season. Bodily fatigue, flabby appetite, poor digestion, nervousness, lack of energy, etc., prove that the proper amount of nourishment is not being supplied to the body through the circulation. The stomach, bowels and digestive members are sluggish from lack of stimulating nutrition, and in consequence the entire body suffers from the effects of a poorly nourished constitution.

The recognized importance of pure blood in preserving health emphasizes the danger of a weakened circulation. The use of a real blood-purifying tonic when the system is deranged from lack of nourishment, will often prevent the development of some serious sickness, because weak systems cannot resist disease, while healthy, well nourished constitutions are able to ward it off. No medicine is of value as a tonic except one which purifies and enriches the blood, for until this is done the body will not receive its required stimulus and disease-resisting powers.

S.S.S. is the best Spring tonic because of its genuine ability and worth as a blood purifier. It builds up the depleted system in the true way, by purifying the blood and supplying an increased amount of nourishment to every portion of the body. S.S.S. removes all accumulations and impurities from the circulation, enriches the blood, and overcomes the unpleasant physical ailments that afflict at Spring time. It adds and improves the appetite, reinvigorates every fibre and tissue of the body and imparts healthful energy to all who are run down. S.S.S. is for sale at drug stores.

IN SOCIAL CIRCLES

On the club day of this week Mrs. C. W. Miller most delightfully entertained the members of the Thursday Afternoon Bridge club at her home in Hudson avenue. The souvenirs for the contests were awarded to Mrs. W. H. Davis, Mrs. A. G. Wyth and the guest's trophy was received by Mrs. Frank Webb.

A luncheon was served the members and following guests: Mrs. Edward King, Mrs. Fred Black, Mrs. Frank Webb and Mrs. A. H. Pierson.

Mrs. E. Cary Norris gave the first of her series of three parties on Thursday evening at her home in North Fourth street. The parlors of the home were beautifully arranged with a profusion of lilies.

The cards read for dinner which was served at 7 o'clock. The table was most attractively arranged with the color scheme of pink and white, carnations in these colors being used.

Following a most delicious menu the evening was devoted to an impromptu musicale. Mrs. Norris' guests numbered twenty-four.

On Friday evening, April 21st, the home of Mr. and Mrs. Harry Rhodes of West Locust street was the scene of a merry gathering, when the host and hostess entertained the members of the Unity Reading circle and a number of guests to a musical.

After the program on which appeared Miss Helen Scott, Miss Una Marshall, Miss Helen Africa, Miss Mildred Rhodes, Miss Arla Alspaugh, Miss Morath and Mrs. C. B. Keller. A musical and a flower contest was ably conducted by Mr. Rhodes and Miss Rhodes. All entered into these contests with spirit and Mrs. McGowan and Mr. Paul Larson carried off the prizes.

During the evening a dainty luncheon was served to fill by the hostess, assisted by Miss Arla Alspaugh and Rachel Rhodes. The guests were the husbands of the members and the McGowans and Mrs. C. B. Keller. I. M. Phillips, Misses Robinsons.

The Thursday Afternoon Euchre club was entertained at the home of Mrs. George Kureth in Hoover street on the club day of this week. The progressive game proved entertaining and a delicious luncheon was served.

A very pleasant surprise was given at the home of Mr. and Mrs. George Esler in Oakwood avenue, Monday evening, in honor of Miss Fern Erler, it being her birthday anniversary. The evening was spent in music and games, after which refreshments were served.

The guests were Misses Muriel Payne, Louise Bremlage, Blanche Baughman, Dora Wilson, Ruth Williams, Stella and Lenora Erler, Messrs. Clifford Bremlage, Charley Connors, Horace Hiles, Homer Hiles, Walter Baughman, Mr. and Mrs. George Erler and Mr. and Mrs. Guy Erler. The guests departed at a late hour, wishing her many more happy birthdays.

CATARRH DOCTOR

Cures Catarrh, Acute or Chronic, or Money Back.

Would you pay one dollar to rid yourself of disgusting catarrh?

Then go to Evans' drug store today and ask him for a Hyomei outfit and you will not only engage, but you will own outright a little catarrh doctor that has cured more cases of catarrh than all the catarrh specialists on earth.

In the \$1.00 box which contains the Hyomei outfit, you will find a little hard rubber vest pocket inhaler.

Into this inhaler you pour a few drops of Hyomei. Then all you have to do is breathe through the little inhaler, either through the nose or mouth, according to where the catarrh is located.

When you breathe HYOMEI you breathe a powerful yet soothing, antiseptic air, which as it passes over the inflamed and germ ridden membrane penetrates every fold and crevice, and destroys germs completely.

Stomach dosing never cured catarrh, sprays and douches always fail; and why? because they don't reach where the germs are, and as catarrh is a germ disease you must kill the germs, before you can cure catarrh. HYOMEI is guaranteed by Evans' drug store, and by druggists everywhere to cure catarrh, coughs, colds, croup and sore throat.

NERVOUSNESS

This Man Took His Wife's Advice and Dr. Williams' Pink Pills and Was Cured.

Mr. Harry Bemis is a well-known resident of Pine street, Granville, N. Y. His complete recovery from nervousness through the use of Dr. Williams' Pink Pills should convince every sufferer of the value of this remedy.

"I had been feeling badly for a long time," says Mr. Bemis, "and finally was compelled to quit work on account of my ill health. I had been working hard and my trouble was at first extreme nervousness, then my sight became affected and I consulted an oculist who was also an M. D. He told me that I had, as he worded it, a shock of paralysis. He treated me for some time but I received no benefit and so went to another physician. I can hardly describe how nervous I was at this time. Even slight noises would almost make me wild. My mouth was drawn so that I could scarcely eat and one eye was affected so I could hardly see. I had very little use of my limbs and was almost a complete wreck."

"The doctor failed to help me and I followed my wife's advice and took Dr. Williams' Pink Pills. She had used the same remedy herself with the most gratifying results and she persuaded me to try them when it appeared that the doctors were unable to help me."

"The pills acted very quickly in my case. I became less and less nervous and took the pills until I was entirely well. They worked wonders for me and I am glad to help others by telling of my cure."

There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood, which, under healthful conditions, carries the elements needed to rebuild wasted nerve tissue.

Every person who is interested in the home treatment of nervous disorders should send for a new edition of our booklet entitled, "Diseases of the Nervous System, Their Nature, Symptoms and Treatment." Address: Dr. Williams' Medicine Co., Schenectady, N. Y.

Dr. Williams' Pink Pills contain no harmful or habit-forming drugs, and the sufferer who gives them a trial will avoid the danger so common in taking drugs which only deaden pain.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Recipes for April 29, 1911.

Chicken Pot-Pie. Singe, clean and cut up a pair of chickens as for fricassee; cover them with boiling water and simmer until fairly tender. Make a plain paste or rich biscuit dough; roll out moderately thin and cut it into strips. Butter the sides of the pot and line it with the paste. In the bottom sprinkle some diced ham and raw potatoes, then pieces of the chicken, dusting each well with salt and pepper. Fill up in this way until all the chicken is in, using altogether one-half of a pound of ham and one pint of the diced potato. If plenty of the crust is desired a small piece may be laid here and there through the meat. Roll out the remainder of the paste to form a top crust and cut a slit in the center through which pour in the chicken gravy, slightly thickened and seasoned. Cover and simmer steadily for an hour and ten minutes before taking up, add one tablespoonful of butter cut in bits. When done dish carefully and pour the gravy round.

Asparagus Salad. Line a fancy border mold with aspic jelly and ornament with quarters of hard boiled eggs and asparagus tips; fill with more jelly. When set, turn out and fill the center with boiled heads of asparagus, pour over a good mayonnaise dressing and arrange around the base slices of tomatoes that have been seasoned with a little salad oil, tarragon vinegar and cayenne pepper.

Daddy's Bedtime Story

The Life of The Sparrow

One evening daddy was too tired to tell a bedtime story to Evelyn and Jack, so instead he read a story from a book. The story was supposed to be the life of a sparrow as told by himself, and it began as follows:

"I am now an old, fat sparrow, but when I first was hatched I was so wee that my parents did not think I would live to grow up. We lived on the roof of a house near which there were two fine cherry trees, and I remember still how fine and sweet those splendid cherries tasted to me each spring.

"I was an only child, and my parents took very good care of me, watching carefully to see that no cat or hawk ever came near me. I remember very well, when I was quite small, that once a cat jumped at me and almost caught me. Indeed, I believe she would have had me in her great, ugly, cruel mouth if it were not for my mother, who jumped right in front of the cat to save me. When mother did that the cat caught her instead. But mother was a very wise bird and instead of struggling in the cat's mouth she remained quite still, as though she were dead. The cat did not seem to know what to make of it and put mother down on the ground to take a good look at her. But as quick as a wink mother was away in the air, far out of the nasty old cat's reach.

"Once mother and father had a bad scare about me. I was foolish enough to follow some other young sparrows into a barn in search of grain. We flew in through an open window. We found the grain and were busily eating it when suddenly the window was closed, and we were caught. A boy put his hand over me and took me up. Then he clipped my wings so that I could not fly away. I could only hop. But he was nice to me and fed me well, and it was not unpleasant, except that I missed mother and father dreadfully. They missed me also, they told me later. But after awhile my wings grew again, and then I flew away and found my parents. We were very happy together in those days long ago.

"When I was old enough to have a wife of my own I chose a pretty little brown sparrow who lived near us. We were very happy, and soon we had the pleasure of seeing in our little nest five tiny white eggs with brown dots. When they were hatched we were happy with our three sons and two daughters. It was a great pleasure, I assure you, to teach them to fly and to hunt for worms and grains for themselves. And now my little sparrow wife and I are old, and all our children have left us to make homes for themselves. But we are still lively and able to get all we need."

PROMISES TO BE MERRY DAY FOR GRANVILLE

The Centennial Celebration of Center Lodge Will Include Big Parade and Basket Picnic.

Granville, April 23.—The coming Masonic centennial to be held in Granville on June 1-2, promises to be the greatest secret fraternity event ever held in Licking county. As the event commemorates the birth of Masonry in Licking county, Center Star Lodge No. 11 has wisely concluded to have all the Masons of the county and their families, share the honors with them, and invitations to that effect have been sent out for them to come to Granville on June 2, and participate in the festivities of that day. The program of events as outlined for that day include a parade, basket picnic dinner, centennial exercises, and in the evening an open meeting and reception.

Probably with one exception, Center Star Lodge, No. 11, F. and A. M., is the oldest organization in Granville. Even before the charter was granted by the Grand Lodge to the "sundry brethren of Granville," an organization had been perfected. A dispensation to organize a lodge of Masons was granted to Job Case, Timothy Spellman, Noble Landon, Justin Hillier, David and Elias Gilman. The first Master was Worshipful Job Case, and the first candidate was Hiram Rose. Many descendants of the original charter list are still members of Center Star lodge. The first meeting of the brethren was held in the upper east chamber of Esquire Gilman's house. This small room, 10 x 14, served as a lodge room for about fifteen years. The house still stands on its original site, and is one of the prettiest in the village. It is now the property of the Chi Psi Delta Sorority of Shepards College. The sorority girls have kindly granted the lodge the privilege of placing a small bronze tablet on the building, and some time during the centennial celebration will be placed on the building with suitable exercises. The tablet has been ordered from a Detroit firm. The various committees appointed have done excellent work and have met with encouragement on every hand. The village and college organizations are doing everything possible to make the occasion a grand success.

The finance committee of the Granville Public Library association is making a canvass of the town for subscriptions for the support of the library. This is necessary in order to keep the work going until the public funds become available. A considerable amount of money has already been pledged and it looks as though the solicitors will have no trouble in raising the desired amount.

The regular services at St. Luke's Episcopal church will be held Sunday as usual, conducted by the rector, the Rev. A. Ramsey. The subject for the morning sermon will be "The Promise of Power." Sunday school will be held at 11 o'clock a. m.; sermon at 4 o'clock p. m., subject "The Church Universal."

The many friends in Granville will regret to learn that Miss Julia O'Leary, who has been in a hospital at Columbus for several months, is now in a condition that it became necessary on Tuesday of this week to remove one of her limbs.

The assessors of personal property are now abroad. Their duties are very important. They are paid to work for the whole people and not for individuals. They should get all the property assessed. They should ask pointed questions. They should ascertain definitely what a man has of both tangible and intangible property, and see that it is listed. This is their sworn duty. They have a low idea of their obligations if the regard their questions as offensive. No honest man will consider them so, because it is the duty, by law, to ask them.

It is reported that some of the farmers in this vicinity have been losing many of their lambs this spring, owing to so much rain followed by cold weather. The disease is cerebro spinal meningitis, and causes the suffering lambs to froth at the mouth, with some spasms, and the head thrown back, for which there is no remedy.

Miss Chapman, who has been staying for some time at the home of Mrs. Thomas D. Price in the Welsh Hills, was quite badly injured about the chest and arms while she and Mrs. Price were driving to the funeral of the late Jacob Keller. In some manner the horse driven by the ladies fell over an embankment near the Welsh Hills, overturning the buggy. Mrs. Price was uninjured but Miss Chapman sustained injuries of quite a painful nature. She was removed to the home of Mr. Maderre King, in the Sharon Valley, where a physician was summoned, who attended to her injuries. She is getting along very nicely and has been able to go to her home in Columbus.

Mr. George Conrad recently drove a valuable horse he had just purchased, to his old home in Utica. While there it broke one of its legs, and the horse had to be killed.

Mrs. J. P. Marlow, who underwent an operation at the Grant Hospital in Columbus, some weeks ago, is so far improved, as to be able to be removed to her home just east of the village. She was brought home Sunday, accompanied by a trained nurse.

Mr. and Mrs. H. H. Glover of Portoria, O., who have been visiting here for some days, have returned home.
